the trencher

Historically, thick slabs of coarse and usually stale bread were used before plates were invented.

They became known as Trenchers. The bread would soak up all the juices from your meal and be full of so much flavour people would literally 'eat their plate'.

Obviously we are not going to use stale bread, these will be served on toasted ciabatta.

CREAM TEA

PLAIN SCONE,
CLOTTED CREAM AND RASPBERRY JAM,
AND YOUR CHOICE OF COFFEE OR TEA.
